Dear Sir:

Please amend the present application as follows:

In the Claims:

Please cancel claim 1.

Please add the following claims 2-21:

2. (new) An automated stowage and retrieval system for the selective loading or unloading of a payload comprising:
- a plurality of pallet carriers contained in a matrix, the matrix being defined by a plurality of horizontal axes, including a plurality of axes extending in a first direction and a plurality of axes extending in a second direction generally perpendicular to the first direction, each of the plurality of pallet carriers being capable of supporting at least one payload and configured to slide bi-directionally along the plurality of horizontal axes, the matrix being configured to permit the plurality of pallet carriers to move throughout the matrix;
